EXPERIENCE

Publicis Groupe Delivery, Cali, Colombia (Remote) — March 2026 - Present
Senior Data Analyst

- Lead metadata diagnostics across campaigns and placements, resolving taxonomy issues to maintain taxonomy error rates below 30% and ensure compliance with client reporting standards.
- Lead continuous improvements to Tableau Prep metadata workflows, ensuring 100% on-time delivery of accurate client reporting.
- Lead MMO data validation, hierarchy QA, and ETL processes using SQL, R, Tableau, and Tableau Prep, sustaining 95% data accuracy across media platforms and supporting quarterly restatements.
- Aggregated, standardized, and QA'd advertising data across Meta, TikTok, Reddit, Pinterest, Snapchat, DV360, and Campaign Manager, ensuring 100% DMA reporting compliance.

WPP Media, Cali, Colombia (Remote) — February 2025 - February 2026
Senior Business Intelligence Analyst

- Supervised data QA using Alteryx, SQL, Excel, and Tableau, automating QA workflows and optimizing SQL queries to lower QA time by 83% (30 to 5 minutes) while minimizing data discrepancies.
- Directed data feed monitoring and issue escalation, decreasing QA issue identification time by 83% while coordinating manual data collection and cross-functional resolution.
- Designed and built taxonomy generators using Excel and Alteryx, developing workflows and data pipelines to improve taxonomy accuracy and diminish feed failures.
- Directed QA for data provisioning to MMM vendors and client data warehouses, resolving discrepancies and fulfilling 15+ ad hoc requests monthly.

Constructora Melendez S.A, Cali, Colombia — April 2024 - December 2024
Business Intelligence Analyst

- Designed and deployed Power BI dashboards for commercial, customer service, IT, and HR, improving KPIs by 30%.
- Identified manual data risks and deployed streamlined validation controls, minimizing operational errors by 70%.
- Led Python automation initiatives with external providers, cutting down processing times by 90%.
- Led digitization of 1M+ records by implementing a centralized document management system, accelerating search time by 85%.

Ingenieria Electrica y Construcciones S.A.S, Cali, Colombia — May 2021 - February 2023
Data Analyst

- Analyzed SQL datasets to identify operational improvements, optimizing logistics, financial, and administrative processes while shortening inventory registration time by 80%.
- Modernized 10,000+ record databases by automating queries and budget controls, decreasing payment registration time by 74%.
- Developed a centralized reporting solution for management, accounting, and budget teams, reducing query time by 75%.
